

LUNCHTIME*company* has been at the forefront of the school food revolution for many years.

We strongly believe that children should be reconnected with their food, where it comes from, how it is produced and why healthy food is important.

We only using ingredients that are ethically sourced and approved by The Soil Association's 'Food for Life' programme; we also have an ongoing programme of training and retraining for our school chefs who cook everything on site from scratch.

We devised and designed menus with St Mary's Priory Senior Management Team that would appeal to everyone and would extend and stretch the taste sensations for all pupils.

We followed this by benchmarking service levels and creating a fabulous atmosphere.

Our food displays at St Mary's Priory are now amongst the best that can be seen in restaurants on the high street.

We are consistent with our attention to detail – it has to be perfect!

We adopt an environmentally friendly practises through our operations to address waste reduction, energy and water efficiency and food distribution.

Fabulous food, outstanding service and bringing the best in school dining to the centre of St Mary's Priory Catholic Schools.

LUNCHTIME*company* – A better Choice – The highlight of the day for everyone.
