Apologies Bilen 6G

We have been talking about the school lunches with Alan.

Alan was invited because we had some issues with the lunches.

- we had a problem with pupils asking for juice but the answer to that question was no because it's unhealthy.
- the councillors said that there was a real problem with the food running out constantly - Alan said that He will fix that problem;
- The drink options were water or maybe milk
- Alan said that he had heard that people were asking for some wraps, so now there will be a wide range of wraps for lunch.
- Some children were complaining about the kitchen staff not letting them have sauce on their ice cream-Alan said this would be ok.
- I asked If we can have some crab or prawns but unfortunately we can't have these as they would be too expensive
- We all wanted different flavours of cake but Alan said that he does enough different varieties of cakes/puddings.
- Pupils really wanted the sausage pizza back from the old menu
- No milkshakes because they are artificial
- Mango are too expensive

A.O.B

- Water fountain must be fixed because children are complaining and begging the councillors to ask for the fountain to be fixed
- Aya-Jo wants there to be two fountains so there would be smaller queues
- The juniors are allowed a whole fish if requested
- The burgers can now be served with or without the bun
- Some children want fruit with their ice-cream or the blackcurrants
- Pack lunches are not allowed to have chocolate cake because it may contains real chocolate (unhealthy) and the chocolate cake in school contains cocoa powder (healthier).
